T: 01786 473055**

Highland Cattle Society

**Stirling Show and Sale
Saturday 15th May 2010**

Show commences 10.00 a.m. followed by sale

Conditions of Sale Pedigree Section (under auspices of the Society)

Notwithstanding any other sale conditions cattle at this sale will be sold subject to the National Beef Association Male and Female Breeding Warranties as amended for use by the Highland Cattle Society, copies of which are available free of charge from the Society, Stirling Agricultural Centre, Stirling FK9 4RN T:01786 446866 or the Auctioneers.

Important:

These guarantees contain provision by way of exclusion and limitation of liability in favour of the Vendor and the Auctioneers. **The attention of Sellers and Buyers is particularly drawn to a change in the bull breeding warranty (trial period) Clause 4.2. You are strongly recommended to consult the Breeding Warranties beforehand.**

The Sale is conducted under the General Conditions of Sale, which are exhibited in the Mart and in accordance with the Regulations approved by The Highland Cattle Society.

All Bulls, Cows, Heifers and Calves are accepted for entry under the Regulations pertaining to the Sale of Pedigree Highland Cattle as drawn up by the Society.

1. All animals entered for the Sale must be pedigree and registered or accepted for registration by the Highland Cattle Society.

2. All animals entered for Sale should be the bona fida property of the Vendor and must be bona fide exposed for sale at the Sale. Animals not bred by the Exhibitor must be registered in their name with the Society. No substitution of animals entered in the Catalogue will be permitted.

Warning

3a. All Highlanders born before 1st January 1998 entered for sale must be tattooed in the right ear (or left ear where specially mentioned in the catalogue) with a Herd mark (consisting of three letters), a year letter, and a number. These tattoo marks and the registration number of the animal will be printed in the Catalogue. Animals not properly or legibly identified will be disqualified from the sale.

3b. Purchasers must verify tattoo marks and official identification marks before taking delivery of their purchases and if any earmarking or identification irregularity is discovered, the animal in question may be rejected. Sellers must stand by their animals until the identity has been checked.

4. Immediately after the purchase is declared the risk of the animal shall be exclusively with the Purchaser.

Health and Safety

All bulls must have a ring/dual snips (snitch) in the nose

Health Status

ALL CATTLE AT THIS SALE ARE IBR, BVD TESTED

Health testing – **all cattle lose their accreditation status once they have entered the market premises.** To regain status without affecting other cattle of higher status they must be isolated and retested either at the buyer's premises or the seller's premises (if unsold). To minimise the risk of cross infection on the

market premises cattle for sale from a fold where all the animals are tested on a whole herd bases are segregated from animals with no health status. Animals tested on an individual basis are segregated from other animals of higher status and no status, **if this is practicable**, otherwise they are penned with animals of no health status.

Animals consigned for an official sale held under the auspices of the Society who have failed any test, whether as part of a whole herd basis or as individuals, should be advised to the office of the Society and should not be presented for sale.

Enzootic Bovine Leucosis (EBL). The UK is officially free of EBL.

Infectious Bovine Rhinotracheitis (IBR) attested cattle

Bovine Viral Diarrhoea (BVD) attested cattle

Johne's disease, (Paratuberculosis) attested cattle

Leptospira Hardjo (ELITE) attested cattle

Cattle tested for any of the above diseases on a whole herd basis are described appropriately in the Index of Sellers

Please refer also to the Animal entered for the sale note section for any animal being privately tested. Consultation with the seller is also advisable prior to the sale.

In view of the complexity of the health regulations buyers should seek to establish the current health status of any animal whose purchase is being considered by prior consultation with the seller. Vendors must ensure that the correct health documentation accompanies each animal upon arrival at the mart otherwise their cattle will be sold at the end of the sale. All consignors should ensure that they have photocopied certificates to show to market staff on arrival as proof of health status.

Disclaimer

The particulars shown in the Catalogue are furnished by the Vendors and are believed to be correct, but the Society accepts no responsibility for any mistake or error therein. Vendors must intimate before or at the time of the Sale any mistake or misprint in their entry.

The Society does not accept any responsibility for the health status of animals entered in the catalogue.

The health status of any animal in the sale catalogue is not warranted by the Society.

Sellers consign animals to the market premises entirely at their own risk.

Calves sold at foot

Bull calves sold at foot must be properly identified and eligible for registration in the Herd Book. Heifer calves at foot must be registered in the Herd Book.

Weighing and Frame Scoring of Bulls (optional)

Bulls may be presented at the Market for weighing and frame scoring commencing at 8.30am sharp on Saturday 15th May.

Bulls

Any bulls 14 months or over born on or before 31st December 2008 must be registered and DNA tested

Bull Calves under 14 months on the day of the show are not eligible for registration and thus are not eligible for the male championship

Highland Cattle Society Rules Relating to Appendix Females

Females of unknown pedigree, but accepted as being of true Highland type, are eligible for entry in Appendix B of the grading up register of the Highland Cattle Herd Book.

Only female progeny out of Appendix females, and by registered Highland bulls, are eligible for entry in the Herd Book: female calves of Appendix B cows into Appendix A of the grading up register, and female calves of Appendix A cows into the Herd Book proper. No male progeny out of Appendix females can be accepted for entry in the Herd Book.

Highland Cattle accepted for entry into the grading up register are identified by the addition of the suffix 'B' or 'A' to the ear tattoo denoting the appropriate appendix.

Exhibitors Notes

Please note if animal is not halter led, washed, groomed and correctly presented they will be moved to the unhalter section with no refund of entry fee at the discretion of the Chief Steward.

General Information and Sale Notes

Location: Just off Junction 10 to the west side of Stirling on A84 to Callander.

Commissions: The Auctioneers will carefully execute commissions to purchase on behalf of buyers unable to attend the sale in person upon receipt of written instructions.

Refreshments: The Stirling Agricultural Centre facilities will be available.

Accounts: The accounts office is situated in the main market hall.

Settlement: Settlement in full for all stock purchased is due immediately at the close of the sale and before the stock is removed from the pens.

Arrival of stock: Stock may be delivered to the market no earlier than 5 p.m. on Friday 14th May.

Clearance of stock: All vendors and purchasers must remove their stock from the market by 7.00pm on Saturday 15th May unless prior arrangements have been made.

The Auctioneers accept no responsibility for stock left on their premises. No animal may leave the market without first being checked by the market staff.

Halters: All cattle entered for the sale except Highland steers must be provided with a serviceable halter which will become the property of the purchaser.

Fodder: Vendors must provide their own fodder, feed stuffs, drinking utensils and grooming equipment. Straw for bedding will be provided free of charge.

Numbering: all animals will be numbered ON ARRIVAL at the sale premises and must remain numbered throughout the show and sale. All stock will be numbered and penned and sold in catalogue order, unless any alteration is authorised by the Auctioneers.

Substitutes: No substitutes will be allowed.

Reserves: Vendors shall have the right to fix a reserve price for any or all of their entries. Such reserve prices must be notified to the Auctioneers in writing on the day of the sale at least thirty minutes before the commencement of the sale. Levy at 5% will be charged on the difference between the average sale price for the class of stock and the price at which any animal in that class is withdrawn from sale.

Animals, which fail to reach the reserve price fixed by the vendor, may be sold by private treaty after the auction. Full commission and levy will be charged on all such transactions, which must pass through the Auctioneers.

Buyer's Declaration

It is the responsibility of the purchaser on collection of the Cattle Passports for the animals purchased to complete a Declaration Form. The eartags must be checked against each Cattle Passport before signing the declaration and returning it to the Society office.

Certificates of Pedigree and Ownership will not be issued for animals purchased at this sale without a signed Declaration Form.

Highland Cattle Pedigrees

Buyers are reminded to retain the Sale Catalogue. The short pedigrees of cattle offered for sale have been verified by the Society and are adequate for most practical purposes. Buyers requiring a full pedigree may obtain one from the vendor; alternatively a four-generation pedigree is available from the Society at a cost of £29.38 inclusive of VAT. A computer generated pedigree is also available cost £5.88 inclusive of VAT.

Change of ownership

Change of ownership at official Society sales is recorded only on receipt of a Buyer's Declaration Form.

DOCUMENTATION

Purchasers are reminded that all documents relating to the animal/s purchased must be uplifted from the market prior to leaving. The market cannot accept any responsibility for documents which may have to be posted out from the market.

Important Notice: Transport of Livestock

Prospective purchasers are strongly advised to make their likely requirements as to numbers and destination known to the Auctioneers well before the sale date so that suitable haulage arrangements can be made.

- Cleaned & Disinfected since last used for transport of animals.

Number of entries by section and health status

Number of entries by section and health status

Including IBR,BVD, Lepto, Johnes

Section 1

Two year old bulls 0
1.1.2008 – 31.12.2008
